

REINTERPRETED, REBORN RANGE ROVERS

RESTOMOD SPECIFICATIONS

KR SERIES

THE RANGE ROVER CLASSIC FOR TODAY

The Kingsley KR Series — Range Rover Classic 2 Door which has been ‘Reborn’ and enhanced for everyday use.

The KR Series is the second in Kingsley’s Reborn range. It has been engineered from a very late (up to 1993) rust free RRC from the ground up to ensure all the upgrades work together to provide classic style with modern-day creature comforts and driving dynamics.

In addition to being a fully restored vehicle, KR Series are reinterpreted into surprisingly capable, quick, economical and comfortable classics. The Telegraph called it the “Ultimate Classic Rangie”.

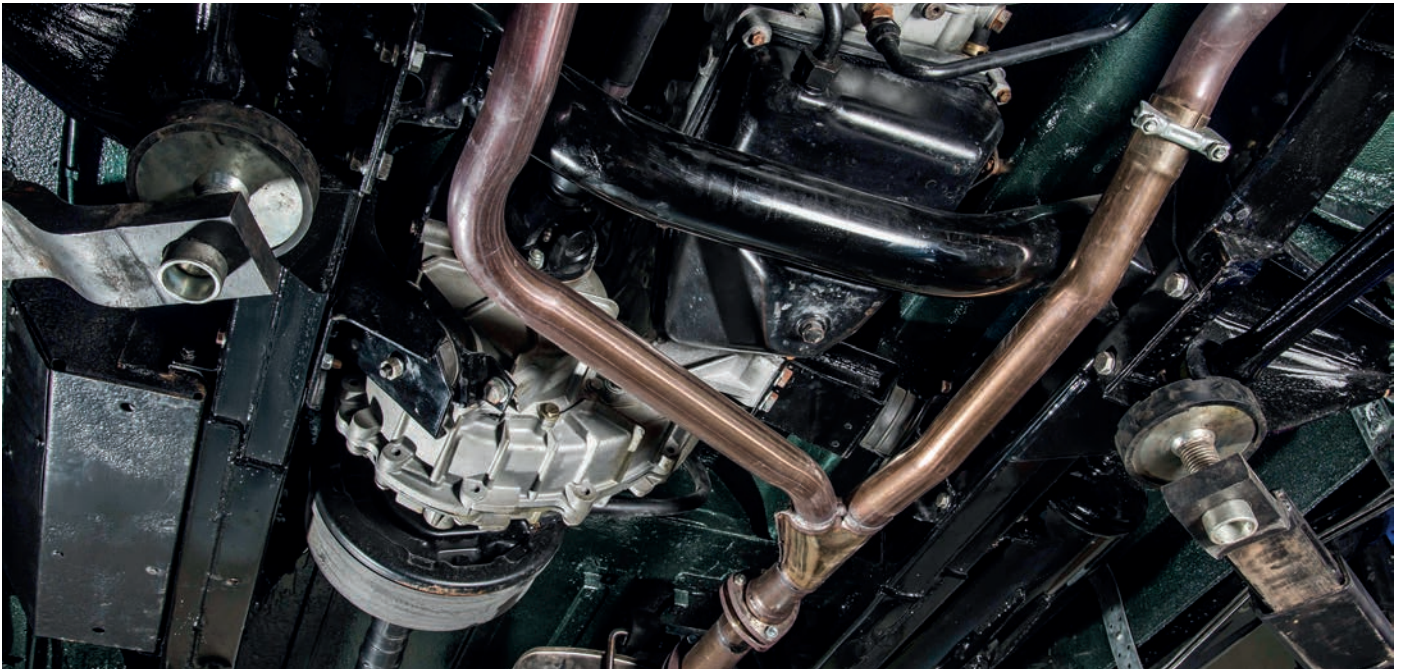

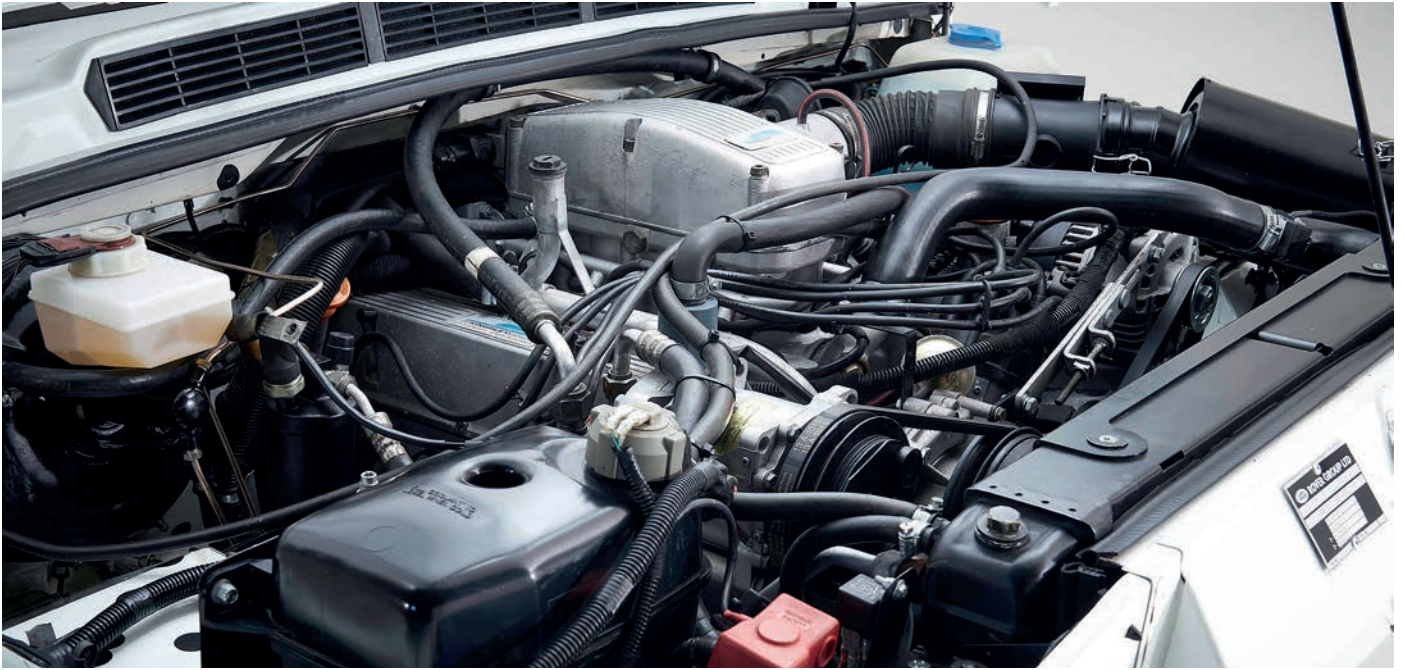

The Kingsley KR program offers a surfeit of upgrades to the engine, suspension and brakes can be enhanced a wide range of cosmetic and interior options to make your vehicle truly unique and more usable — our aim is for it to be the most used vehicle in your stable.
